DIRECTORS' REPORT

On behalf of the Board of Directors, I take pleasure in placing before you the results of the Company for the six months period ended 30 June 2010.

Economy and Business Environment

Oman expects to run comfortable budget surpluses and continue to increase spending this year as a result of higher oil prices. Oman's net oil income doubled during the period in comparison to the same period of last year. Government and private investment expenditure in the oil and gas and infrastructure sectors continue to provide support to the economy.

Operating performance

Net investment in finance leases has increased to Rials 71.6M as on 30 June 2010 (Rials 69.5M as on 31 December 2009). This was the result of an increase in disbursals as compared to the same period last year.

The Company achieved a net profit of Rials 913K for the six months period ended 30 June 2010 (Rials 1436K for the same period in 2009, which included post tax profit of Rials 428K towards sale of property held for sale).

Future outlook

Business is moderate and the same trend is expected to continue for the next two quarters. While we expect some pick up in business during the holy month of Ramadhan, we will continue to deal with the increased challenges of increased competition. We continue to focus on delivering high quality service to our customers to differentiate ourselves in a crowded marketplace. We expect that the banking system will retain sufficient liquidity to meet our requirements.

Your company is equipped to face these challenges and is taking appropriate actions to manage the risk arising there from. The well-defined policies and procedures, strong channels of communication and customer relationships, experienced and result oriented management and staff will enable the company to deal with the challenges of a rapidly changing global and local economy.

Other Matters

The company continued its training efforts for its personnel. As of 30 June 2010 the Omanisation level stood at 65% which continued to be higher than the minimum prescribed for leasing companies. The company continues to remain committed to providing increased exposure and training to Omani staff to prepare them for higher responsibilities in future.

1 Legal status and principal activities

National Finance Company SAOG (the Company) is an Omani joint stock company registered under the Commercial Companies Law of the Sultanate of Oman and has a primary listing on the Muscat Security Market. The principal activity of the Company is leasing business. The Company derives all of its income from leasing operations within the Sultanate of Oman.

2 Summary of significant accounting policies

The principal accounting policies have been consistently applied to all the years presented unless otherwise stated.

2.1 Basis of preparation

These unaudited condensed interim financial statements are prepared on the historical cost basis, as modified by the revaluation of land and buildings and in accordance with International Financial Reporting Standards (IFRS) and comply with the disclosure requirements set out in the "Rules and Guidelines on Disclosure by issuer of Securities and Insider Trading" issued by the Capital Market Authority (CMA) of the Sultanate of Oman.

These unaudited condensed interim financial statements do not include all the information required for full annual financial statements, and should be read in conjunction with the full audited financial statements of the Company as at and for the year ended 31 December 2009.

The accounting policies applied by the Company in these condensed interim financial statements are consistent with those applied by the Company in its audited financial statements for the year ended 31 December 2009.

The preparation of financial statements in conformity with International Financial Reporting Standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies.
